by June 21<sup>st</sup>

The bar *WILL* be open and staffed by your favorite bartenders and  
the long dock will be available for a limited number of vessels

## Jeanne Stafford, Commodore

## Victor Padilla, Vice Commodore

Where did June go?

Go on vacation and the month is gone! Hope everyone had a great time at the Father's Day event sorry I missed it.

Please check the front and back of the newsletter for upcoming event flyers. The first week in July is very busy with the 4<sup>th</sup> event and then we get back into lazy summer until month end, when the American Legion will cruise in from Newport.

August will bring us our annual Luau, which is always so much fun. Be sure to put it on your calendar.

It is with a sad note that I need to let you know of the passing of long-time member Betty McConnel. Betty loved boating and was our Treasurer for many years. She was an active member of the Long Beach community, supporting many charities and organizations. Her presence will be missed by all. Donations may be made in her memory to several organizations listed in the Grunion Gazette.

Well that's all I have for now; still trying to play catch-up after being gone so long. Hope to see you all around the clubhouse this summer.

*Jeanne Stafford  
Commodore*

Hello again,

The Fathers Day BBQ was once again outstanding. The weather could not have been better. The best part was that we had about 71 members and their families for dinner. Jim and Dena Tierney did a fantastic job of cooking the tri-tip steaks and I cooked the chicken. I had a lot of help from many members and my wife Pam. At one point I just couldn't keep the propane burner lit that was to heat up the beans, due to the light wind. Gary Halliburton came up with the idea to place the burner next to the big glass windows, which blocked the wind. Thank you Gary. I would like to thank everyone who brought a side dish for the event, and also those who helped with clean up.

Our next event is on July 3 at 6:00 p.m. We will be having a BBQ of hot dogs and hamburgers. Admission is \$8, or only \$5 if you bring an appetizer, dessert or side dish to share. Starting at 9:00 p.m. McKenna's Restaurant is providing a firework show on the bay.

Last month I asked if anyone had an idea for a special event and I've heard from a few, so if you see me at the clubhouse let's talk or send me an email with your idea.

*Victor Padilla  
Vice Commodore*

# Navy Yacht Club Long Beach Racing

"The pessimist complains about the wind; the optimist expects it to change; the realist adjusts the sails."

William A. Ward

Taco Tuesday has been cancelled due to only five boats signing up.

*SIC Tony Rietdyk  
Race Chairman*

A promotional poster for the NYCLB Taco Tuesday Series. It features several sailboats on the water at the top, followed by the word "Cancelled" in large yellow letters. Below that, it says "NYCLB TACO TUESDAY SERIES June 18, June 25, July 2 and July 9 PHRF, ONE DESIGN AND NON-SPINNAKER Notice of Race, Entry Form, Course Chart and Sailing Instructions are available at [www.nyclb.com](http://www.nyclb.com) or at the Navy Yacht Clubhouse sponsored by Spice Girls, UK SAILMAKERS, and West Marine."

## CATALINA CRUISE-OUT REPORT

Despite a very lightly attended first Catalina Cruise-Out to Two Harbors this year, we still went to the dogs...on the beach! Our merry little band found itself smack dab

in the middle of the Strut Your Mutt annual Dog Show. Daughter Laura was going to enter her "baby" Ginger but decided the competition was too stiff.

When it was over, we had the best table/cook pit arrangement on the beach with plenty of room for the Bocce Ball Tournament. Only four teams and guess which team won...the usual duo, your humble cruise

coordinator and his lovely daughter. We're the team to beat next cruise, which will be to the ALYC in August. So thank you Tony and Becky and Tony and Tamara and Dale and Angie, and Lorne and Penny and Laura. And the weather man. A gorgeous weekend, warm and sunny, calm seas, but little wind for us rag sailors. Motor sailing over, motor sailing back. Next cruise to Two Harbors is scheduled for September. 'Til then, see y'all at the Potlucks!

*Frank Farmer  
Director*

## Tamara Carbone, Staff Commodore

We just got back from Catalina Two Harbors, the first of the June cruise outs to the islands we were able to attend in several years. Previous trips were usually canceled or rerouted due to poor weather conditions in late May and early June. This weekend the weather was perfect and we all had a great time cheering at the dog contest, eating great barbecue, and enjoying the best of the island along with other cruisers.

We're half way through the year and our social events keep getting better and better. June's Father Day Barbeque drew the biggest crowd of members and family. Everyone enjoyed the food and activities. Special thanks to Vic and Pam Padilla for preparing and serving along with Dena and Jim Tierney. Servers Becky

Rietdyk, Camille D'Esopo and Theresa Marino made sure everyone had something on their plate even late in the day.

The raffle never ended. We had so many barbecue type prizes donated by Becky Rietdyk, Jeanne Stafford and Dale West. Laura Farmer, our raffle ticket top seller, made sure everyone had tickets for the prizes. We are very fortunate for the many members who make our events so special and memorable. Thanks to all who contributed.

Tony and I are looking forward to attending all of the planned July and August events for the summertime. See you there.

*Tamara Carbone  
Jr. Staff Commodore*

## Gary Halliburton, Rear Commodore

If you haven't picked up your directory yet it is available at the clubhouse. Please see Becky Rietdyk or Pam Padilla to get your copy. There are two versions of the directory. You can check them both out and select which one suits you.

Let's all welcome our new members Gary Ross and Heather Robinson. Gary is a Major in the US Army stationed in Fort Lewis, WA. He plans to move to this area shortly. He has a 32ft Power Grand Bank named Trudy.

*Gary Halliburton  
Rear Commodore*

## Bill Plumlee, Staff Commodore, Director

Mark Sandoval thinks there is little chance that we can move Long Beach Planning Dept to issue us a permit to rebuild given the current zoning code. There is no provision for Yacht Clubs in Long Beach Zoning Code. There is, however, a program in progress that may change that: The Southeast Area Development and Improvement Plan (SEADIP). This program will likely lead to revision of the zoning code. There will be public hearings, and we should be there to represent NYCLB. Mark, and the other Clubs, will be there to argue for the inclusion of yacht clubs in the code. Ira Brown is the Project Planner for the program. More information on this program is on the following link:  
[http://www.lbds.info/planning/advance\\_planning/seadip.asp](http://www.lbds.info/planning/advance_planning/seadip.asp)

Cont'd Page 4

## **Bill Plumlee, Staff Commodore, Cont.**

Mark will rebuild our long dock as a part of the overall marina rebuild. I'm lobbying for a pier that will also leave room for small boats inside the dock. This may be a part of the last phase of the rebuild, so we are expecting one to two years out. In the meantime Mark has indicated that he will look into repairing our dock prior to the rebuild.

There is a pump-out system on the piers in Basin 4. Pump out systems will be included in future rebuilds of basins 2, 3, and 5.

Mark talked about the rebuild status. He does not currently have enough money to rebuild Basin 2, so he plans to rebuild Basin 5 at ABYC next. He will start later this year, probably October. He expects this project to take four to six months.

Upon completion of Basin 5, he expects to have the funds for the Basin 2 rebuild. He is currently looking for sources: 1) the City has a slush fund of money from the City's oil. He will not be able to use this money directly; however, he may be able to borrow it. 2) He is investigating a bond issue and a possible fee increase. In the meantime, Mark will aggressively repair the Basin 2 and 3 piers.

From a recent article in the Gazette: "While the state Department of Boating and Waterways has helped with financing of some previous

phases, this phase (basin 5) will come completely through locally generated revenue, necessitating a slip fee increase.

Sandoval said that in a split vote (5-3) the Marine Advisory Commission recommended in May a bifurcated rate increase, charging 2.2% more for boats in concrete slips and .5% more for boats in wooden slips.

'However, that came out to about a 1.7% across the board,' Sandoval said. 'Finance said we had to have at least 2%. So it is going to be 2.5% for concrete and 1% for wood. That comes out to a bit more than 2% in total.'

Sandoval said the MAC did not vote on the altered figures."

To see a map of Alamitos Bay basins, go to [http://www.longbeach.gov/park/marine/alamitos\\_bay.asp](http://www.longbeach.gov/park/marine/alamitos_bay.asp) and click on End Tie Map.

*Director*

## **Tia Lucy's Kahlua Cake**

- 1 package chocolate cake mix
- 1 small package vanilla or chocolate instant pudding mix
- 1 pint sour cream
- 4 eggs
- ¾ cup oil
- 1/3 cup Kahlua
- 1 package 6 ounce chocolate chips

Preheat oven to 350 degrees. Grease and flour Bundt pan or use Pam spray oil. Combine all ingredients except the chocolate chips. Blend well. Stir in chocolate chips. Pour into Bundt pan.

Bake for 1 hour. After cake has cooled for 20 minutes, invert onto plate and let cool completely. Sprinkle with powdered sugar! Enjoy!

*Pam Padilla*
